Family & Life

The Year to Grow programme is an intense environment and View Church Tygerberg Hills is full of vision to bless our community. Due to this we have high flexibility in times of calm but when we have a key event, conference or Sunday in mind we put our full effort in to see its success. With this in mind our Year to Grow will work hard and may miss key family activities throughout the year.

Whilst we make every effort to support the Year to Grow in key moments there are limits to the flexibility. For post matric individuals this is a big change for the family as the young persons calendar was fairly consistent during school. As a Year to Grow it will be varied and will cause them to grow up and begin to have experiences, moments and activities that are not a part of the regular family dynamic.

Support

The Year to Grow is managed day to day by the Next Gen Pastor, Ryan Warner, and our Senior Pastors, Dino & Kelly Cicatello. They will oversee and ensure that the Year to Grow are developed and supported.

A parent can contact RyanW@viewchurch.co.za should they have concerns about their young people during the year.

Working for View Church Tygerberg Hills is a privilege but it is vital that what you learn and see about people should not be shared outside of the group.
